In the News

In celebration of its 30th anniversary, **Daireds Salon and Spa Pangéa** is giving away spa treatments and products monthly through its 30th Anniversary Sweepstakes. One winner will be drawn randomly each month for luxurious prizes. The full prize listing and sweepstakes information can be viewed at daireds.com. The Sweepstakes runs through July 2008.

Since 2003 **National Laser Institute (NLI)** has been committed to providing the most extensive and comprehensive medical aesthetic and laser training program in the country. Headquartered in Scottsdale, Ariz. with a new location in Las Vegas, Nev., NLI is also expanding to Dallas, San Francisco, Chicago, New York, and Toronto over the next two years. NLI offers flexible weekend courses to fit any schedule, covering advanced injectable and laser services during two days of concentrated education.

b.cause founder and president **Rudy Sprogis** has decided that the foundation will focus on raising money for America's Second Harvest, the nation's food bank network. "After seven years of raising funds for various meaningful causes, we decided it is time to re-focus our efforts on fighting hunger in the United States."

Syneron™ Medical announces the U.S. Food and Drug Administration (FDA) clearance for **LipoLite™**, their new minimally invasive device for laser assisted lipolysis and additional dermatological procedures. **LipoLite™** is both a minimally invasive alternative and a complement to traditional liposuction fat-removing procedures as it allows for the treatment of large portions of the body, as well as smaller areas.

Dr. Howard Murad

Dr. Howard Murad's Ethnobotany Studies reveal nutritional power of Asian super-fruit **Durian** for anti-aging. It has been used for centuries as a staple in the Asian diet and as an herbal remedy, and now, through the study of Ethnobotany, Dr. Murad, dermatologist, researcher, CEO, and founder of **Murad Inc.** is the first to deliver the benefits of **Durian** topically, creating a breakthrough complex to address signs of aging, called **Durian Cell Reform™**, which will appear in two new products launching in 2008.
